Anderson LA. Ischemic venous thrombosis: its hidden agenda. 1999;17:1-5

B

Bagramian A (*see* Bruni et al). 1999;17:29-31
Bethel SA. Use of lumbar cerebrospinal fluid drainage in thoracoabdominal aortic aneurysm repairs. 1999;17:53-8
Braun CM, Colucci AM, Patterson RB. Components of an optimal exercise program for the treatment of patients with claudication. 1999;17:32-6
Bruni KR, Bagramian A, Cullen C, Ross M, Shah DM, Darling RC, McKee J. Outcome after distal vascular reconstruction in women. 1999;17:29-31
Bryant JL, Turkoski BB. Relieving intermittent claudication: a nursing approach. 1999;17:81-5

C

Colucci AM (*see* Braun et al). 1999;17:32-6
Cullen C (*see* Bruni et al). 1999;17:29-31

D

Darling RC (*see* Bruni et al). 1999;17:29-31
DePalma RG (*see* Kowallek et al). 1999;17:65-70
Dixon V. Effects of vascular surgery on the elderly vas cular patient. 1999;17:86-8

F

Fahey VA, Milzarek A. Extraanatomic bypass surgery. 1999;17:71-5
Faria SH (*see* Flannery et al). 1999;17:100-8
Flannery JC, Faria SH. Limb loss: alterations in body image. 1999;17:100-8

G

Gross KA. Ultrasonographic diagnosis and guided compression repair of femoral artery pseudoaneurysm: an update for the vascular nurse. 1999;17:59-64
Gross K, Kinnison M, Payne C. Internal carotid artery occlusion. 1999;17:110

K

Kelly TC. Internal carotid artery aneurysm repair requiring skull base resection: a case study. 1999;17:37-40
Kinnison M (*see* Gross et al). 1999;17:110
Kowallek DL, DePalma RG. A new approach to an old and vexing problem: subfascial endoscopic perforator surgery. 1999;17:65-70
Kramer SA. Compression wraps for venous ulcer healing: a review. 1999;17:89-99
Kramer SA. Effect of povidone-iodine on wound healing: a review. 1999;17:17-23

L

Langemo DK. Venous ulcers: etiology and care of patients treated with human skin equivalent grafts. 1999;17:6-11

M

McKee J (*see* Bruni et al). 1999;17:29-31
Milzarek A (*see* Fahey et al). 1999;17:71-5
Mott AM. Psychologic preparation to decrease anxiety associated with cardiac catheterization. 1999;17:41-9

N

Nunnelee JD. Expanding our knowledge. 1999;17:109

P

Patterson RB (*see* Braun et al). 1999;17:32-6
Payne C (*see* Gross et al) 1999;17:110

R

Rossi M (*see* Bruni et al). 1999;17:29-31

S

Shah D (*see* Bruni et al). 1999;17:29-31

T

Turkoski BB (*see* Bryant et al). 1999;17:81-5

W

Wywialowaki EF. Tissue perfusion as a key underlying concept of pressure ulcer development and treatment. 1999;17:12-6

**March, 1-28; June, 29-52; September, 53-80; December, 81-116.*

Subject index

A

Aged
Effects of vascular surgery on the elderly vascular patient (Dixon). 1999;17:86-8
Amputation
Limb loss: alterations in body image (Flannery). 1999;17:100-8
Aneurysm, false
Ultrasonographic diagnosis and guided compression repair of femoral artery pseudoaneurysm: an update for the vascular nurse (Gross). 1999;17:59-64
Anxiety
Psychologic preparation to decrease anxiety associated with cardiac catheterization (Mott). 1999;17:41-9
Aortic aneurysm
Use of lumbar cerebrospinal fluid drainage in thoracoabdominal aortic aneurysm repairs (Bethel). 1999;17:53-8
Arterial occlusive diseases
Outcome after distal vascular reconstruction in women (Bruni et al). 1999;17:29-31
Internal carotid artery occlusion (Gross). 1999;17:110
Atherosclerosis
Outcome after distal vascular reconstruction in women (Bruni et al). 1999;17:29-31

B

Bandages
Compression wraps for venous ulcer healing: a review (Kramer). 1999;17:89-99
Body image
Limb loss: alterations in body image (Flannery). 1999;17:100-8

C

Carotid arteries
Internal carotid artery aneurysm repair requiring skull base resection: a case study (Kelly). 1999;17:37-40
Cerebral aneurysm
Internal carotid artery aneurysm repair requiring skull base resection: a case study (Kelly).1999;17:37-40
Cerebrospinal fluid pressure
Use of lumbar cerebrospinal fluid drainage in thoracoabdominal aortic aneurysm repairs (Bethel). 1999;17:53-8
Compression stockings; *see* Bandages
Coronary artery bypass
Extraanatomic bypass surgery
(Fahey and Milzarek). 1999;17:71-5

D

Decubitus ulcer
Tissue perfusion as a key underlying concept of pressure ulcer development and treatment (Wywialowski). 1999;17:12-6

E

Edema
Compression wraps for venous ulcer healing: a review (Kramer). 1999;17:89-99
Editorial
Editorial. 1999;17:109
Exercise
Components of an optimal exercise program for the treatment of patients with claudication (Braun et al). 1999;17:32-6
Relieving intermittent claudication: a nursing approach (Bryant). 1999;17:81-5

F

Femoral artery
Extraanatomic bypass surgery (Fahey and Milzarek). 1999;17:71-5
Ultrasonographic diagnosis and guided compression repair of femoral artery pseudoaneurysm: an update for the vascular nurse (Gross).1999;17:59-64

G

Gangrene
Ischemic venous thrombosis: its hidden agenda (Anderson). 1999;17:1-5

H

Heart catheterization
Psychologic preparation to decrease anxiety associated with cardiac catheterization (Mott). 1999;17:41-9
Hypertension
A new approach to an old and vexing problem: subfascial endoscopic perforator surgery (Kowallek). 1999;17:65-70

I

Infection, wound; *see* Wound infection
Intermittent claudication
Components of an optimal exercise program for the treatment of patients with claudication (Braun et al). 1999;17:32-6
Relieving intermittent claudication: a nursing approach (Bryant). 1999;17:81-5

K

Knowledge
Expanding our knowledge (Nunnelee). 1999;17: 109

N

Neoplasms
Ischemic venous thrombosis: its hidden agenda (Anderson). 1999;17:1-5

P

Paraplegia
Use of lumbar cerebrospinal fluid drainage in thoracoabdominal aortic aneurysm repairs (Bethel). 1999;17:53-8
Perfusion
Tissue perfusion as a key underlying concept of pressure ulcer development and treatment (Wywialowski). 1999;17:12-6
Peripheral vascular diseases
Components of an optimal exercise program for the treatment of patients with claudication (Braun et al). 1999;17:32-6
Limb loss: alterations in body image (Flannery). 1999;17:100-8
Relieving intermittent claudication: a nursing approach (Bryant). 1999;17:81-5
Postoperative complications
Effects of vascular surgery on the elderly vascular patient (Dixon). 1999;17:86-8
Povidone-iodine
Effect of povidone-iodine on wound healing: a review (Kramer). 1999;17:17-23
Pseudoaneurysm; *see* Aneurysm, false

R

Review literature
Expanding our knowledge (Nunnelee). 1999;17: 109

S

Skin, artificial
Venous ulcers: etiology and care of patients treated with human skin equivalent grafts. (Langemo). 1999;17:6-11
Skin transplantation
Venous ulcers: etiology and care of patients treated with human skin equivalent grafts. (Langemo). 1999;17:6-11
Stress, psychological
Psychologic preparation to decrease anxiety associated with cardiac catheterization (Mott). 1999; 17:41-9
Surgical procedures, endoscopic
A new approach to an old and vexing problem: subfascial endoscopic perforator surgery (Kowallek). 1999;17:65-70

T

Thrombophlebitis
Ischemic venous thrombosis: its hidden agenda (Anderson). 1999;17:1-5

U

Ulcer, decubitus; *see* Decubitus ulcer
Ulcer, venous; *see* Varicose ulcer
Ultrasonography
Ultrasonographic diagnosis and guided compression repair of femoral artery pseudoneurysm: an update for the vascular nurse (Gross). 1999;17:59-64

V

Varicose ulcer
Compression wraps for venous ulcer healing: a review (Kramer). 1999;17:89-99
Venous ulcers: etiology and care of patients treated with human skin equivalent grafts. (Langemo). 1999;17:6-11
Vascular patency
Extraanatomic bypass surgery (Fahey and Milzarek). 1999;17:71-5
Vascular surgical procedures
Effects of vascular surgery on the elderly vascular patient (Dixon). 1999;17:86-8
Internal carotid artery aneurysm repair requiring skull base resection: a case study (Kelly). 1999;17:37-40
Outcome after distal vascular reconstruction in women (Bruni et al). 1999;17:29-31
Venous insufficiency
A new approach to an old and vexing problem: subfascial endoscopic perforator surgery (Kowallek). 1999;17:65-70
View Box
View Box. 1999;17:110

W

Wound healing
Effect of povidone-iodine on wound healing: a review (Kramer). 1999;17:17-23
Tissue perfusion as a key underlying concept of pressure ulcer development and treatment (Wywialowski). 1999;17:12-6
Wound infection
Effect of povidone-iodine on wound healing: a review (Kramer). 1999;17:17-23
